Damian Romero

National Executive Director

The **life** I love...

Before BeautiControl, dancing was life for Damian Romero. He was a dancer for various artists in the Latin music industry. While visiting Puerto Rico for a show, he was introduced to BeautiControl and knew this could be a life changing opportunity.

Damian became a Consultant in 2003 and went to BeautiU Training. It was there that he saw a glimpse of his future with BeautiControl. "I knew I could accomplish great things with this company," Damian says, "I fell in love with the products. The more I used them, the more positive changes I saw on my skin!"

A native of Cuba, BeautiControl has given Damian the opportunity to visit and support his family members who still live there. "I had not seen my family in seven years! Because of BeautiControl, I was able to go back to Cuba and help my family buy a new home. My income with BeautiControl also allows me to send

them \$1,000 every month, which has been life changing for not only me but my family! BeautiControl has made me a happier person who enjoys life and is financially independent!"

"I love knowing that I have the ability to help others. BeautiControl changes people's lives... I wake up every day knowing my purpose in life."

Damian's passion for helping people and confidence in the BeautiControl products is what has made him so successful. "I love knowing that I have the opportunity to help change people's lives! Through BeautiControl, I have been able to support the growth of Directors who are full of passion for this business, which has helped me grow as well. My Team is the most important thing for me. their goals and dreams," Damian says.

This man, full of hope, says he smiles every time he thinks about BeautiControl and the difference it can make in someone's life. "I love knowing that I have the ability to help others. BeautiControl changes people's lives... I wake up every day knowing my purpose in life."

With BeautiControl, Damian's dreams have come true. "While growing up I only dreamt of visiting places like Las Vegas and Hawaii, and with BeautiControl, I have been able to do just that," Damian says, "BeautiControl has made me a successful businessman in control of my future!"

Today, Damian is a National Executive Director. In less than four years with BeautiControl, he has already celebrated so many achievements! He credits his success and growth to being persistent. "It does not matter what turns a person's life has taken... there is always today! Persistence is the key to allowing personal and financial changes in a person's life."

Before BeautiControl, dancing was life for Damian, but today he says, "The dance of my life is BeautiControl."

heart & soul

First and foremost I give thanks to God for being alive. Second, I'm very grateful for the wonderful leaders that are part of my team. Without them I would not be where I am today. Third, I want to thank my two mentors, Mari and Miguel Santo Domingo; their support, dedication and commitment to change the course of my life were the key for my success with BeautiControl.

To Mari & Miguel: thank you for trusting me. Thank you for taking the time to change other people's lives. You have made the difference in the lives of so many people through the power of love. Thanks for being a part of my life. Success is inevitable!
